Re: Autumn Term On-site Testing

Dear Parent,

I have received a few enquiries regarding the situation with testing if your child has previously recorded a positive Covid-19 test result.

The Government [Stay at Home](#) guidance states the following:

'Anyone who has previously received a positive Covid-19 PCR test result should not be re-tested within 90 days of that test, unless they develop any new symptoms of Covid-19'.

In short, if your child falls under the above statement, they are not required to partake in the on-site testing and can resume home testing after the 90-day period has expired.

Yours sincerely,

Mr. N. Houchen
Principal
