1.0 Introduction

Destination data refers to the % of pupils who go onto sustained education, employment or training. The data is based on:

- The year after the pupil has left compulsory schooling (i.e. academic age 16)
- Participation in education in all of the first two terms (defined as October to March) of the year after the pupil left Key Stage 4.

2.0 Published Destination Data

2.1 Historical Trends

There is a time lag between a cohort of pupils leaving an institution and the data on their destinations being published. Refer to the [DfE Destination Data - Statistical Release](#) for a full explanation.
